

Project Timothy: Year 1 Schedule

This is the basic schedule we have used for years at PT East. As we have launched other sites around the country they have used this basic structure, but then adapted it to their particular church culture, group of teens, location, etc. This is meant to be a helpful guide, but you can change it so that it works best for your particular situation. Once you have more than one “year” attending you want to look at the multi-year schedule, it gets more complicated :)
